**We take allergies very seriously and work hard to provide a choice of food and drinks to fit a range of dietary needs.**

Our Allergen Matrix is available from our team on request and specifies allergens present by dish. Although we separate ingredients and clean down all work areas and equipment, the presence of allergenic ingredients on our premises and those of our suppliers means we cannot guarantee any of our dishes or drinks are free of those ingredients. Please let us know if you have any allergies before you order and if you have any questions at all, our duty manager will be happy to help.
